of Hand Therapists®**

WELCOME!

Dear Colleagues,

On behalf of the ASHT 2025 Annual Meeting Committee, I am excited to invite you to the 48th Annual Meeting to be held October 23-25 in Salt Lake City, UT. The theme for this year's meeting is "Blaze a New Trail: Embracing our Future, Committing to Sustainability." This carries forward our history of sharing knowledge and expertise while highlighting the steps forward to sustain us as a specialty and organization. This is also an opportunity to showcase innovations in upper extremity care that are transforming the way that we approach rehabilitation, enabling us to deliver efficient and effective care for our patients.

You may have noticed a significant change to the schedule for this year's meeting. The Annual Meeting will begin on Thursday, October 23 and conclude on Saturday, October 25. We haven't shortened the meeting, but rather shifted our schedule in order to wrap everything up Saturday evening. We will kick off the Annual Meeting on Thursday morning with our Pre-Conference Institutes. The afternoon will begin with instructional concurrent sessions, and then we will all gather together for our first of many engaging plenary sessions. Friday and Saturday will be packed with outstanding educational content during instructional concurrent sessions, scientific sessions, and invited plenary speakers. There will be ample time to catch up with friends from across the country, network and meet new people, and interact with our vendors who share with us the latest resources to enhance your practice. The clinical practice posters are back this year, which highlight clinical innovations and knowledge translation. Make sure you check these out at the on-site digital kiosks.

Last year, ASHT introduced Pediatric Specialty Day, and I am excited to announce that it is returning this year. Pediatric Specialty Day will be held Wednesday, October 22. Our co-chairs, Emily S. Ho, PhD, OT Reg. (Ont.) and Meagan Pehnke, MS, OTR/L, CHT, CLT, have put together a fantastic program that will enhance clinical knowledge with the latest evidence-based practices in pediatric upper extremity rehabilitation.

I am looking forward to gathering together in Salt Lake City, a first-time location for the ASHT Annual Meeting. Set against the stunning backdrop of the Wasatch Mountains, Salt Lake City provides a perfect blend of cultural attractions and outdoor adventure. The meeting will be held at the Salt Palace Convention Center located in downtown Salt Lake City, close to many museums, restaurants, and local artisan boutiques. Come early or stay late and enjoy more of what this beautiful area has to offer! If you aren't able to make it to Salt Lake City, we will be offering virtual attendance for you to access the meeting content on demand.

See you in Salt Lake City!

HEALING HANDS, *Repurposed Beauty*

SUSTAINABILITY-INSPIRED ART CONTEST

Unleash your creativity and showcase your commitment to sustainability in our inaugural Art Contest, inspired by this year's conference theme. All attendees are invited to participate by creating original artwork using recycled and/or repurposed materials from the field of hand therapy—splints, straps, outdated tools, therapy putty containers, and more!

Artworks can be in any format or medium—sculpture, mixed media, collage, wearable art, or beyond—as long as they reflect innovative reuse and the spirit of healing through sustainable practices.

Bring your completed artwork to the Annual Meeting for on-site display and judging. We are honored to have Utah artist Bruce Hucko, our Presidential Invited Speaker, assist with the judging.

All submitted pieces will be on display and judged during the Welcome Reception in the Exhibit Hall. Art pieces will be included in the onsite AHTF Silent Auction, with proceeds from the art pieces shared equally between the American Hand Therapy Foundation (AHTF) and our local Share the gLOVEs charity, helping provide gloves and supplies to those in need.

WAIVER AND RELEASE OF LIABILITY BY EVENT PARTICIPANT

I understand that, in connection with participating in the **ASHT 2025 Annual Meeting** (“the Event”) sponsored by the American Society of Hand Therapists (“Sponsor”) and held at **the Salt Palace Convention Center** (“Venue”), I may be exposed to persons who, knowingly or unknowingly, are infected with the novel coronavirus and/or have contracted COVID-19 and/or another communicable disease. The waiver, release and other representations set forth herein are given in consideration for the Sponsor permitting me to participate in the Event.

1. Acceptance of Risk; Release; Indemnification. I am fully aware that there are a number of risks associated with me entering onto the Venue property and participating in the Event during the COVID-19 pandemic, including without limitation: (a) I could contract COVID-19 or other diseases which could result in a serious medical condition requiring medical treatment in a hospital or which could possibly lead to death; and (b) I will be subject to normal risks associated with participating in the Event, such as physical injuries or even death or loss or damage to personal property, including without limitation, from slips or falls, food poisoning or allergic reaction to food served during the Event, physical or verbal altercations with Venue staff or other Event participants, or injury due to the nature of the Event. On behalf of myself and my heirs, successors and assigns, I knowingly and freely assume all such risks, both known and unknown, relating to my participation in the Event and being present at the Venue, and I hereby forever release, waive, relinquish and discharge the Sponsor and its officers, directors, managers, officials, trustees, agents, employees or other representatives, and their successors and assigns (collectively, the “Sponsor Representatives”), from any and all claims, demands, liabilities, rights, damages, expenses, and causes of action of whatever kind or nature, and other losses of any kind, whether known or unknown, foreseen or unforeseen, (collectively, “Damages”) as a result of me being present on the Venue property and participating at the Event as described above, including but not limited to those related to the above described personal injuries, death, disease or property losses, or any other loss, and including but not limited to claims based on the alleged negligence of any Sponsor Representative or any other person. I further promise not to sue the Sponsor or any Sponsor Representative, and agree to indemnify and hold them harmless from any and all Damages resulting from my being present at the Venue and participating in the Event.

2. Affirmative Representations. I represent and warrant that I will not enter the Venue or participate in the Event if (a) I am aware, as of the date of the Event, that I have contracted and not completely recovered from COVID-19 or another communicable disease; (b) I am aware, as of the date of the Event, that I have been exposed within the prior two weeks to someone who had contracted or was subsequently determined to have contracted, COVID-19 or another communicable disease; (c) I have been tested for COVID-19 or another communicable disease but not yet received the results of such test; or (d) I have symptoms consistent with having contracted COVID-19 or another communicable disease. ASHT PROGRAM CODE OF CONDUCT

All ASHT events aim to be inclusive of the largest number of contributors, with the most varied and diverse backgrounds possible. As such, ASHT is committed to providing a professional, collegial, safe, supportive and respectful meeting environment (virtual and face-to-face), regardless of a person's race, color, ethnicity, national origin, citizenship status, age, religion, disability status, gender, gender identity, sexual orientation, genetic information, physical appearance or other characteristics ("personal characteristics"). ASHT expects individuals to uphold the professional and educational purposes of ASHT and its events by respecting the rights, privacy, safety and dignity of all persons. ASHT expects individuals to exercise professionalism, consideration and respect in their speech and actions. ASHT expects individuals to refrain from harassing speech and other harassing behavior.

SCOPE AND APPLICATION

The Program Code of Conduct and this Policy apply to any virtual gathering or in-person event that is hosted or sponsored by ASHT, including but not limited to virtual educational symposia, exhibits, committee meetings, written comment and discussion groups, professional gatherings and platforms and setting ancillary thereto (each an "ASHT Event"). This Policy applies to any and all participants in ASHT Events, including but not limited to employees, members, volunteers, guests, vendors, contractors, exhibitors, faculty and other attendees (each a "Participant").

UNACCEPTABLE BEHAVIOR

Unacceptable behavior is defined as:

- Unwelcome and unwanted attention or contact with another Participant;
- Verbal or written comments, or visual images, that are sexually suggestive, or that denigrate or show hostility or aversion toward an individual, or group of individuals, or that create an intimidating, hostile or offensive environment, or that unreasonably interfere with an individual's ability to participate in the ASHT Event;
- Unwelcome sexual advances, requests for sexual favors, or other unwelcome physical, verbal, visual, or other conduct of a sexual nature;
- Inappropriate, unnecessary, or irrelevant use of nudity and/or sexual images;

- Harmful or prejudicial verbal or written comments or visual images related to personal characteristics;
- Deliberate intimidation or stalking;

- Sustained or repeated disruption of talks or other events;
- Express or implied threat of physical or professional harm;
- Actual or threatened personal or professional retaliation for a rejection or report of unacceptable behavior;
- Failing to stop unacceptable behavior when requested by a Participant or ASHT.

REPORTING UNACCEPTABLE BEHAVIOR

Any Participant whose safety is threatened or violated is urged to contact local law enforcement immediately.

In addition, any Participant who feels unsafe or experiences unwelcome conduct, who observes or experiences unacceptable behavior, or who believes there has been a violation of this Policy, is encouraged to come to the registration desk immediate to report this violation to a member of the ASHT Staff, or send an email to meetings@asht.org or call (856) 380-6851.

CONSEQUENCES OF REPORTED UNACCEPTABLE BEHAVIOR

Upon receiving a report of unacceptable behavior, ASHT's first priority will be the safety and security of Participants. In order to preserve a safe, educational environment, ASHT reserves the right to remove a Participant from an ASHT Event, suspend or terminate specific features available to a Participant or to suspend or terminate the Participant's entire account. In addition, ASHT reserves the right to prohibit Participant attendance at any future ASHT Event. Violation of this Policy, as determined by ASHT in its sole discretion, is grounds for any action that ASHT deems appropriate, including but not limited to warning the offender, denying

the offender access to an ASHT Event (including revoking or denying registration to an ASHT Event), suspending or terminating the offender's access to the ASHT Event, and barring the offender from other ASHT Events. ASHT reserves the right to take whatever action it, in its sole discretion, deems appropriate, with respect to the investigation of any matters related to this Policy. Any person who is denied access to or whose access is terminated during an ASHT Event based on this Policy may request that ASHT review the matter after the ASHT Event has concluded. However, ASHT's action will be effective immediately and will continue until and unless ASHT issues a contrary decision. Unless a contrary decision is issued, any person who is denied access to or removed from an ASHT Event based on this Policy will not be eligible for a refund of any registration fees paid for access to or participation in the ASHT Event. By registering for an ASHT program (virtual or in-person), you acknowledge your registration is subject to ASHT's Program Code of Conduct Policy. If you have any questions regarding this policy or attendee conduct, please contact meetings@asht.org or asht@asht.org.

ANTITRUST AVOIDANCE

United States antitrust law is a collection of federal and state government laws, which regulates the conduct and organization of business corporations, generally to promote fair competition for the benefit of consumers. Antitrust law prohibits the exchange of information among competitors or collusive practices that would minimize competition or result in the restraint of trade.

Potential Areas for Antitrust Violation

- pricing of services
- surveys
- membership exclusion or expulsion
- product standards
- code of ethics
- standard setting
- articles, publications, website
- discussion forums
- meetings, speakers
- certification
- tradeshow and advertising exclusion
- referrals and recommendations
- discount programs

To ensure that the Society and its members comply with antitrust laws, the following principles will be observed:

The Society or any division, committee, task force or activity of the Society shall not be used for the purpose of bringing about or attempting to bring about any understanding of agreement, written or oral, formal or informal, expressed or implied, among two or more members or other competitors with regard to prices or terms and conditions of contracts for services or products. Therefore, discussions and exchanges of information about such topics will not be permitted at Society meetings or other activities.

There will be no discussions discouraging or withholding patronage or services from or encouraging exclusive dealing with any supplier or purchaser or group of suppliers or purchasers of products and services, any actual or potential competitor or group of actual potential competitors, or any private or governmental entity

☐ I agree to follow these ASHT policies.

WAIVER AND RELEASE OF LIABILITY BY EVENT PARTICIPANT

I understand that, in connection with participating in the **ASHT 2025 Annual Meeting** ("the Event") sponsored by the American Society of Hand Therapists ("Sponsor") and held at **Salt Palace Convention Center** ("Venue"), I may be exposed to persons who, knowingly or unknowingly, are infected with the novel coronavirus and/or have contracted COVID-19 and/or another communicable disease. The waiver, release and other representations set forth herein are given in consideration for the Sponsor permitting me to participate in the Event.

1. Acceptance of Risk; Release; Indemnification. I am fully aware that there are a number of risks associated with me entering onto the Venue property and participating in the Event during the COVID-19 pandemic, including without limitation: (a) I could contract COVID-19 or other diseases which could result in a serious medical condition requiring medical treatment in a hospital or which could possibly lead to death; and (b) I will be subject to normal risks associated with participating in the Event, such as physical injuries or even death or loss or damage to personal property, including without limitation, from slips or falls, food poisoning or allergic reaction to food served during the Event, physical or verbal altercations with Venue staff or other Event participants, or injury due to the nature of the Event. On behalf of myself and my heirs, successors and assigns, I knowingly and freely assume all such risks, both known and unknown, relating to my participation in the Event and being present at the Venue, and I hereby forever release, waive, relinquish and discharge the Sponsor and its officers, directors, managers, officials, trustees, agents, employees or other representatives, and their successors and assigns (collectively, the "Sponsor Representatives"), from any and all claims, demands, liabilities, rights, damages, expenses, and causes of action of whatever kind or nature, and other losses of any kind, whether known or unknown, foreseen or unforeseen, (collectively, "Damages") as a result of me being present on the Venue property and participating at the Event as described above, including but not limited to those related to the above described personal injuries, death, disease or property losses, or any other loss, and including but not limited to claims based on the alleged negligence of any Sponsor Representative or any other person. I further promise not to sue the Sponsor or any Sponsor Representative, and agree to indemnify and hold them harmless from any and all Damages resulting from my being present at the Venue and participating in the Event.

2. Affirmative Representations. I represent and warrant that I will not enter the Venue or participate in the Event if (a) I am aware, as of the date of the Event, that I have contracted and not completely recovered from COVID-19 or another communicable disease; (b) I am aware, as of the date of the Event, that I have been exposed within the prior two weeks to someone who had contracted or was subsequently determined to have contracted, COVID-19 or another communicable disease; (c) I have been tested for COVID-19 or another communicable disease but not yet received the results of such test; or (d) I have symptoms consistent with having contracted COVID-19 or another communicable disease. I also represent and warrant that, during the course of the Event, I will comply with all applicable regulations and guidelines regarding COVID-19 and any other communicable disease, including those imposed by the Venue and/or the Sponsor.

ASHT PROGRAM CODE OF CONDUCT

All ASHT events aim to be inclusive of the largest number of contributors, with the most varied and diverse backgrounds possible. As such, ASHT is committed to providing a professional, collegial, safe, supportive and respectful meeting environment (virtual and face-to-face), regardless of a person's race, color, ethnicity, national origin, citizenship status, age, religion, disability status, gender, gender identity, sexual orientation, genetic information, physical appearance or other characteristics ("personal characteristics"). ASHT expects individuals to uphold the professional and educational purposes of ASHT and its events by respecting the rights, privacy, safety and dignity of all persons. ASHT expects individuals to exercise professionalism, consideration and respect in their speech and actions. ASHT expects individuals to refrain from harassing speech and other harassing behavior.

☐ I agree to follow these ASHT policies.

SCOPE AND APPLICATION

The Program Code of Conduct and this Policy apply to any virtual gathering or in-person event that is hosted or sponsored by ASHT, including but not limited to virtual educational symposia, exhibits, committee meetings, written comment and discussion groups, professional gatherings and platforms and setting ancillary thereto (each an "ASHT Event"). This Policy applies to any and all participants in ASHT Events, including but not limited to employees, members, volunteers, guests, vendors, contractors, exhibitors, faculty and other attendees (each a "Participant").

UNACCEPTABLE BEHAVIOR

Unacceptable behavior is defined as:

- Unwelcome and uninvited attention or contact with another Participant;
- Verbal or written comments, or visual images, that are sexually suggestive, or that denigrate or show hostility or aversion toward an individual, or group of individuals, or that create an intimidating, hostile or offensive environment, or that unreasonably interfere with an individual's ability to participate in the ASHT Event;
- Unwelcome sexual advances, requests for sexual favors, or other unwelcomed physical, verbal, visual, or other conduct of a sexual nature;
- Inappropriate, unnecessary, or irrelevant use of nudity and/or sexual images;
- Intimidating, harassing, abusive, defamatory, profane, discriminatory, derogatory or demeaning speech;
- Harmful or prejudicial verbal or written comments or visual images related to personal characteristics;
- Deliberate intimidation or stalking;
- Harassing photography or recording;
- Sustained or repeated disruption of talks or other events;
- Express or implied threat of physical or professional harm;
- Actual or threatened personal or professional retaliation for a rejection or report of unacceptable behavior;
- Failing to stop unacceptable behavior when requested by a Participant or ASHT.

REPORTING UNACCEPTABLE BEHAVIOR

Any Participant whose safety is threatened or violated is urged to contact local law enforcement immediately.

In addition, any Participant who feels unsafe or experiences unwelcome conduct, who observes or experiences unacceptable behavior, or who believes there has been a violation of this Policy, is encouraged to come to the registration desk immediate to report this violation to a member of the ASHT Staff, or send an email to meetings@asht.org or call (856) 380-6851.

CONSEQUENCES OF REPORTED UNACCEPTABLE BEHAVIOR

Upon receiving a report of unacceptable behavior, ASHT's first priority will be the safety and security of Participants. In order to preserve a safe, educational environment, ASHT reserves the right to remove a Participant from an ASHT Event, suspend or terminate specific features available to a Participant or to suspend or terminate the Participant's entire account. In addition, ASHT reserves the right to prohibit Participant attendance at any future ASHT Event. Violation of this Policy, as determined by ASHT in its sole discretion, is grounds for any action that ASHT deems appropriate, including but not limited to warning the offender, denying

the offender access to an ASHT Event (including revoking or denying registration to an ASHT Event), suspending or terminating the offender's access to the ASHT Event, and barring the offender from other ASHT Events. ASHT reserves the right to take whatever action it, in its sole discretion, deems appropriate, with respect to the investigation of any matters related to this Policy. Any person who is denied access to or whose access is terminated during an ASHT Event based on this Policy may request that ASHT review the matter after the ASHT Event has concluded. However, ASHT's action will be effective immediately and will continue until and unless ASHT issues a contrary decision. Unless a contrary decision is issued, any person who is denied access to or removed from an ASHT Event based on this Policy will not be eligible for a refund of any registration fees paid for access to or participation in the ASHT Event. By registering for an ASHT program (virtual or in-person), you acknowledge your registration is subject to ASHT's Program Code of Conduct Policy. If you have any questions regarding this policy or attendee conduct, please contact meetings@asht.org or asht@asht.org.

ANTITRUST AVOIDANCE

United States antitrust law is a collection of federal and state government laws, which regulates the conduct and organization of business corporations, generally to promote fair competition for the benefit of consumers. Antitrust law prohibits the exchange of information among competitors or collusive practices that would minimize competition or result in the restraint of trade.

Potential Areas for Antitrust Violation

- pricing of services
- surveys
- membership exclusion or expulsion
- product standards
- code of ethics
- standard setting
- articles, publications, website
- discussion forums
- meetings, speakers
- certification
- tradeshow and advertising exclusion
- referrals and recommendations
- discount programs

To ensure that the Society and its members comply with antitrust laws, the following principles will be observed:

The Society or any division, committee, task force or activity of the Society shall not be used for the purpose of bringing about or attempting to bring about any understanding of agreement, written or oral, formal or informal, expressed or implied, among two or more members or other competitors with regard to prices or terms and conditions of contracts for services or products. Therefore, discussions and exchanges of information about such topics will not be permitted at Society meetings or other activities.

There will be no discussions discouraging or withholding patronage or services from or encouraging exclusive dealing with any supplier or purchaser or group of suppliers or purchasers of products and services, any actual or potential competitor or group of actual potential competitors, or any private or governmental entity
